

"the best gift comes from both  
the hands and the heart"

KAIT

HANDMADE

HANDMADE

KAIT is an Indonesia brand based in Malang, Indonesia.

Kait's product specially handmade and mostly using breathable, bio-degradable, and eco-friendly materials.

Kait tries to create unique craftsmanship experiences by exploring many kinds of textile production techniques, the yarns are knitted in many interesting ways to form sheet of fabrics or into a product.

Living in qualities is an art, which is why Kait is concerned in handcraftsmanship and artisanship using yarns that comes from natural fiber (eco-friendly and harmony with nature).

Kait believes in the values of diligence, simplicity, harmony, function, and comfort

Kait is an effort to engage the hand craftsmanship and artisanship. The selection of materials limited only to high qualities & environmentally safe is also a way of kait to educate people about the understanding of living qualities.

Kait's enabling the women by giving them new abilities and capabilities towards a better living even tough in smaller scale..

*Good Design Indonesia - Best Winner 2017*  
*Good Design Award 2018 for "bamboo batik stole"*

GOOD DESIGN AWARD 2018

グッドフォーカス賞

Many talented hands were involved in  
the making of Kait's bamboo knit.

From yarn plying, knitting, crocheting, to  
batik processing and dyeing,  
resulting a unique item.

Using certified bamboo yarn for green, safe, and  
sustainable textile product.

Suitable for those who appreciate  
handmade and eco-friendly product.

Eco-certified, imported bamboo yarns are twisted, doubled in East Java. Then knitted in West Java and back to East Java for crochet trimmed. Traveled to Central Java for hand-drawn batik process. The yarn travel from city to city to meet expert artisans. An attempt to enhance creativity, quality, and to appreciate the journey of life.

Many women artisans involved while caring their families, including retired ladies to maintain their skill and more importantly the feel of usefulness in the society.

Good Design Award 2018 in Japan.  
From hands with love to timeless artwork.

### **BATIK COLLECTION**

Eco-certified, imported bamboo yarns are twisted, doubled in East Java. Then knitted in West Java and back to East Java for crochet trimmed. Traveled to Central Java for hand-drawn batik process. The yarn travel from city to city to meet expert artisans.
